To Whom it May Concern,

I would like to appeal the closing of the 2016 Form 471 filing window. During the spring of 2016, I misread an email that informed applicants of the filing window extension. I saw the date of July 21st and believed that that date was for schools *and* libraries. On the day that the window closed, I immediately realized what I had done and began working on my filing. I was able to complete my 471s and have them certified by June 1st, 2016. Based on the message on the USAC EPC site, I was under the belief that my applications would be looked at once all other applications were approved. After speaking with others from USAC, it was recommended that I also file an appeal through the FCC and USAC. Please consider the approval of my two 471s:

App # 161057890

App # 161057956

If there is any other information I can share regarding this matter, please contact me.

Sincerely,

Brian Gannon
